Wayne,
The meeting with Solano County sounds like an excellent idea and I intend to be in attendance. Unfortunately, I believe George will be on leave on Tuesday and will not be able to attend the meeting. In addition, I received a forwarded voicemail from George this morning in which you expressed that you would like to visit EPA on Tuesday. I'm certainly amenable to that. If the reason for your EPA visit was to meet with me and discuss the proposed project, we could very well do that when we're in Fairfield to save you the extra trip. Whatever works better for your schedule is fine with me.

George, Mike and Adam:

On Tuesday, 8/25, Shell and Solano County will meet, at 675 Texas St, 5th Floor, Fairfield, CA from 10:00 to Noon.

See Profant's email below.

The purpose of the meet is to communicate CCS fundamentals and project specific information.

Please confirm your attendance by a reply email.

Thanks, W.

Wayne:

I think it would be fine to have staff from other regulatory agencies attend the presentation and briefly explain their involvement in the process.

Subject: Confirmation of Meeting: Shell and Solano County, Tuesday, 8/25 at 10:00 to Noon.

Michael:

This confirms that Shell staff will make presentation on Tuesday, 8/25, 10:00 to noon, at your office.

Concerning attendees---

If available, we'd add John Beyer, Lawrence Berkeley National Lab, and USEPA and DOGGR staff---is that ok?

This would give the County staff an understanding of the regulatory agencies involved in the project.

Thanks, Wayne.

Subject: RE: Presentation Timing & Agenda

Hi Wayne,

I've spoken with everyone but the Building Official, who has already tentatively accepted the invitation, and it sounds like next Tuesday, 8/25, will work. I think we should plan on that date.

Sincerely,

Hi Michael:

Any word on what is the best day for the meeting?

Either Tuesday, 8/25 or Wednesday, 9/9?

Call me if you'd like to discuss.

Thanks, Wayne.

Wayne,

I just sent out an invitation to everyone for next Tuesday from 10 a.m. to 12 p.m. According to their Outlook calendars, everyone was available at that time. I'll wait until everyone accepts before confirming with you. Your agenda sounds reasonable to me, but I will run it by Jim Leland as well.

Sincerely,

Michael Profant

Subject: Presentation Timing & Agenda

Michael:

Concerning the presentation timing---does it look like Tuesday (8/25) or Wednesday (8/26) might work?

Also from an agenda viewpoint does: 1) Subsurface carbon storage, and 2) Well drilling/CO2 injection, make sense?

Or other topics the County wants us to address?

Call if you'd like to discuss.

Thanks, Wayne.

Subject: Sample staff report and mitigated negative declaration on rezoning and use permit
Wayne,

Please find attached a sample staff report and mitigated negative declaration for an RV park expansion in Solano County. I will separately send you materials related to a gas well in the Suisun Marsh.

On a different note, Jim Leland thought we should probably limit the presentation to 2 hours in length so that everyone has time to attend the whole thing. I will try to come up with a time that will work for everyone and forward that option to you sometime this week.

Sincerely,

Michael Profant
